Shake it Up! Big Dreams and Bold Choices On The Road To Success

Shake It Up: Big Dreams and Bold Choices on the Road to Success is all about helping you choose to make changes for yourself. Within these pages are inspiration, ideas and resources to help you remember who you are, to keep your feet on the path and your dream front and center no matter what the day presents, and to always...always look for ways to 'shake it up!' on your road to success.

Almost everywhere these days we find bottles of hand sanitizer sitting on desks and counters throughout the office. A quick little pump and we instantly feel better - cleaner and safer from all of the germs floating around out there.

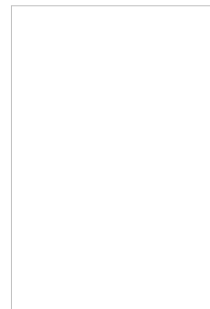

This week as I reached for a quick pump of Germ X, I noticed my hands felt clean, had a good smell and a feeling of protection and calm enveloped me. It made me wish I could be hand sanitizer for people. When they feel overwhelmed, frustrated, or discouraged they could come to me and Voila! I could give them the same feeling of protection and calm. While it is not very realistic that I could "clean" others problems with just a great attitude or the sound of my voice, I do know it's better than the alternative of adding more dirt, grime and germs to the situation. It seems to be a common theme in life that it is much easier to pile on to others' stress than to find a way to defuse it and add calmness.

This week when you see others having a bad day, upset about a problem or looking overwhelmed, give them a quick smile. Give them a quick pick me up by telling them something about themselves that makes them special. Like the hand sanitizer, it may not get 100% of all the germs but it could be enough to make yourself and them feel better. Be the purifier of people this week and make this week count!

## Big Dreams & Bold Choices On The Road To Success

"I take a two-day personal brainstorming and planning retreat each year, and this year I brought one book with me: Dan Manginelli's, Shake It Up!, and I was glad I did. Unlike many other business authors, Dan is an actual business leader whose perspectives are not based solely on research or theoretical concepts but on his real world experience. The book turned out to be exactly what I needed-provocative, insightful, timely and entertaining.

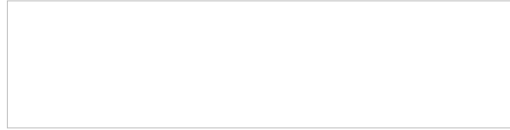

If you are ready to take your life or business to the next level, if you're not afraid to challenge yourself to accomplish more than you ever thought you could, this is the book for you. Dan's approach isn't preachy or all knowing, but rather he comfortably combines his own energetic perspectives with the best content from some of the greatest achievers of our lifetime. It's one of the best business books of the year for sure."

GARY ACOSTA

Co-Founder and CEO of the National Association of Hispanic  
Real Estate Professionals (NAHREP)
